

Best-in-class professional cleaning

Commercial pool cleaners

maytronics

Enjoy the Dolphin Advantage

Only Dolphin robotic pool cleaners by Maytronics deliver a complete, exceptional pool experience. Bringing together 30 years of expertise in automated pool cleaning, every Dolphin robot combines advanced technologies with proven reliability to ensure maximum satisfaction, every time.

When you purchase a Dolphin, you get much more than a standard robotic pool cleaner, including:

Advanced cleaning technologies

- Intelligent, self-adjusting software ensures optimised coverage for any size or shape pool (including beach entry pools)
- Effective surface scrubbing system
- Reliable dirt and debris collection
- Dual-level filtration system efficiently cleans in any pool condition
- Precise water line cleaning effectively removes oily layer build-up

Designed for reliable, long-lasting performance

- Full warranty on all parts
- Fully automated operation
- Obstacle escape mechanism
- Motor protection system
- Designed to last

Cost effective and easy service

- Built-in self-diagnostics
- High reliability reduces service and maintenance needs

Heavy-duty, professional cleaners - for all pools types, sizes and shapes

Gain heavy-duty cleaning performance, with robust reliability for long-term, cost-effective operation. Dolphin Commercial robotic cleaners from Maytronics are the proven, professional solution for any commercial Olympic pool – from small public pools to the largest, professional pools. Advanced technologies ensure comprehensive scanning of the entire pool and highly effective brushing and filtering throughout. With fully automated operation, your staff can focus on other tasks and your pool water is left sparkling clear and hygienic after every cleaning cycle.

Full pool scanning

Gyroscopic system

Total pool cleaning

Unique gyroscopic system delivers accurate and effective scanning for systematic cleaning along the entire pool.

Extra-active brushing

Dual filtration porosity

Maximum hygiene

Active brushing efficiently removes algae and bacteria, enhancing water quality.

Advanced, high-capacity filtration

Ultra fine, dual-level filtration system leaves water clear and free of hair, dust, insects and other debris.

Top access

MMI interactive digital interface

User-friendly

Fully automated, plug & play operation, with optional parameters to suit every pool, ensures easy use and maintenance.

Dolphin Wave 75

Highly efficient cleaning for hotel, campground and swim schools pools that are 10 - 20 m in length. The advanced gyroscopic system ensures accurate scanning for systematic coverage of floor, walls and water-line. High-capacity, ultra-fine filtration captures all dirt, dust and other debris, leaving clean and hygienic water throughout.

Specifications:

Cycle time	2 / 3 / 4 hours
Cable	24 m
Swivel on cable	Prevents cable tangling
Filtration	Fine porosity
Brushes - Combined brushes	Matches all pool terrains.
Remote control	Set-up of parameters and cleaning programmes
Weight	12 kg
Suction rate	17 m ³ per hour
Motor unit voltage	27 VDC
Power supply - digital switch-mode	Output <30 VDC; IP 54; full filter bag indicator; operation delay; water line cleaning
DIY	Easy maintenance; repairable at dealer level
Caddy	Included
Warranty	24 months on all parts

Commercial pool cleaners

Dolphin ProX 2

Highly efficient cleaning for hotel, campground and school pools that are 15 - 25 m in length. The advanced gyroscopic system ensures accurate scanning for systematic coverage of floor, walls and water-line. High-capacity, ultra-fine filtration captures all dirt, dust and other debris, leaving clean and hygienic water throughout.

Specifications:

Cycle time	4 / 6 / 8 hours
Cable	30 m
Swivel on cable	Prevents cable tangling
Filtration	Dual level filtration for fine and rough dirt
Brushes - Combined brushes	Matches all pool terrains.
Remote control	Set-up of parameters and cleaning programmes
Weight	12 kg
Suction rate	17 m ³ per hour
Motor unit voltage	27 VDC
Power supply - digital switch-mode	Output <30 VDC; IP 54; full filter bag indicator; operation delay; water line cleaning
DIY	Easy maintenance; repairable at dealer level
Caddy	Included
Warranty	24 months on all parts

Dolphin Wave 100

Highly efficient fully automated cleaning for hotel, campground and school pools that are 15 - 25 m in length.

The advanced gyroscopic system ensures accurate scanning for systematic coverage of floor, walls and water-line. High-capacity filtration space captures dirt, dust and all other types of debris, leaving clean and hygienic water throughout the cleaning cycle.

Specifications:

Cycle time	4 / 6 / 8 hours
Cable	30 m
Swivel on cable	Prevents cable tangling
Filtration	3 filtration options for all types of dirt and debris
Remote control	Set-up of parameters and cleaning programmes
Weight	12 kg
Suction rate	17 m ³ per hour
Moving speed	15 m per min.
Cleaning area	225 m ² per hour
Motor unit voltage	27 VDC
Power supply - digital switch-mode	Output <30 VDC; IP 54; full filter bag indicator; operation delay
Caddy	Included
Warranty	24 months or 3000 hours on all parts

Dolphin Liberty C

Unique battery-powered cordless robotic pool cleaner recommended for pools up to 15 m in length that are irregularly shaped and/or have in-pool obstacles, such as islands, pillars and bridges. Features integrated gyro. Cleans pool floor, walls and waterline.

Specifications:

Cycle time	1 / 1.25 / 1.5 hours
Cable	2.5 m
Filtration	Dual-level filtration for fine and rough dirt
Weight	13.2 Kg
Suction rate	17 m ³ per hour
Motor unit voltage	24 VDC
Charger	Digital switch-mode charger
Warranty	24 months on all parts, including the battery
Recharge time	2 - 4 hours

Dolphin Expert Pro Gyro

Put the power of two robots to work at once with this heavy-duty cleaner designed for professional pools 50 m in length. With dual brushing action, dual high-capacity, ultra-fine filtration systems, and a sophisticated gyroscope, it expertly cleans the entire pool floor and walls with maximal effectiveness and efficiency.

Specifications:

Cycle time	4 / 6 / 8 hours
Cable	40 m
Swivel on cable	Prevents cable tangling
Filtration	Dual level filtration for fine and rough dirt
Brushes - Combined brushes	Matches all pool terrains
Remote control	Set-up of parameters and cleaning programmes
Weight	20 kg
Suction rate	32 m ³ per hour
Motor unit voltage	27 VDC
Power supply - digital switch-mode	Output <30 VDC; IP 54; full filter bag indicator; operation delay; water line cleaning
Caddy	Included
Warranty	24 months on all parts

Dolphin Wave 300 XL

Designed for long-lasting reliability with daily operation, Dolphin WAVE 300 XL excels at heavy-duty dirt collection and delivers the best end-to-end cleaning performance in its class. It works efficiently and effectively in any large pool, regardless of shape or type, including beach entry pools and pools with sharply sloping floors.

Multiple scanning modes for optimized pool coverage.

- Advanced navigation system with highly accurate gyro and compass that together ensure complete pool coverage even in irregularly shaped and pools with obstacles, regardless of the frequency of interferences.
- Dual-active brushing system, with four small additional brushes dedicated to brushing along the pool's wall sides and corners, completely removes all algae and bacteria.
- Crystal-clear filtration system with top-access for easy and convenient maintenance and cleaning. Simple and user friendly triple-level filtration options for optimal dirt collection and water purification in all pool conditions.
- MMI – interactive digital interface panel - with full filter bag indicator, operation delay, and modes of operation.

Specifications

Cycle time	1-8 hours
Cable	43 m / 50 m
Weight	25 kg
Suction rate	40 m ³ per hour
Linear speed	15m per minute
Filtration	Triple-level pool filtration option for fine and rough dirt
Brushes	Dual-active brushes and 4 side brushes for intensive cleaning. Matches all pool terrains
MMI	Interactive digital interface - selectable cleaning modes and on-line technical diagnostics
XL navigation system	Accurate gyro and compass system and scanning modes
Warranty	24 months or 3000 hours - whichever comes first

About Maytronics

Maytronics provides a complete solution for swimming pool care. Our wide range of products for automated pool cleaning, environmentally-friendly water treatment and pool safety deliver an exceptional pool experience to residential and commercial swimming pool owners and operators around the world.

Founded in 1983, Maytronics is the pioneer in automated electronic pool cleaning technology for private and commercial pools, developing the world-renowned Dolphin robot cleaners. Over the years, Maytronics have become the acknowledged market leader, setting worldwide standards for unmatched technological innovation coupled with highly aesthetic designs. Our state-of-the-art products and technologies consistently set new standards in pool care. All our systems are extensively tested in real-world conditions and conform to ISO 9001:2008 and CE Directives/UL Standards.

Maytronics maintains an extensive global distribution network and easy-access service centres to provide reliable and efficient sales, service and technical support. We believe in building strong, long-term relationships with our agents, some of whom have represented the company for more than 30 years.
